PERSONAL SUMMARY: Cooper is a natural athlete. He attends Walled Lake Northern High School. Off the field, he does a lot of traveling with his family and is a well-rounded individual. He was in National Junior Honor Society and works at Edgewood Golf Course as a caddie during the summer.

BASEBALL SUMMARY: Cooper has played travel baseball for the last 4 years with Commerce Cannons travel baseball organization. He pitches, is the starting centerfielder and also plays first base. He throws 3 pitches: fastball, curveball, and change up. Cooper picks off a lot of runners with his deceptive move as a left hander. He has excellent speed and swipes a lot of bases.

Tell us about your training:

Three days per week I do band work to strengthen my pitching arm. I do tee work to improve my hitting. During the winter I practice 2 times per week with my team. I also crossfit once a week to work on speed, agility, and explosive moments.

I'll be working this year closely with our team pitching coach and an outside pitching coach to improve my velocity in 2019.

LONG TERM GOALS:

Cooper wishes to pursue playing baseball at the college level. He will consider all options but desires to attend a Big Ten school.

He has attended many professional baseball games at most of the Major League Stadiums. He would like to see all of the stadiums in the next few years.
