## STATISTICS:

Our teams play about half of our home games in the White Lake, Wixom, Commerce, and Walled Lake area. The other half of our games are played in South East Michigan cities including: Canton, Ypsilanti, Livonia, Brighton, and others. Your business will have 1,500+ players, 150+ coaches, 2,500+ parents, and countless relatives displaying your business with pride from March – October each year. We estimate that our team will be in contact with hundreds of people outside of our organization each week with practices, games, tournaments, and travel. All of these views will drive business to you for as low as \$250, a very cost-effective way to advertise. We are a recognized 501c-3 nonprofit organization.

## ABOUT OUR ORGANIZATION:

We are a travel baseball organization playing in South East Michigan with players primarily from the White Lake / Commerce / Wixom / Walled Lake area. We have a healthy balance between being competitive and having fun. The goal for our kids is not only to demonstrate strong sportsmanship on the field, but also off the field (giving back through community service, etc.). We look to “play the right way” on and off the field.
